Fantastic

Greenspeed Heat Pump Infinity Air Handler

Condenser #25VNA0
Air Handler #FE4ANF

PERFORMANCE

- 17.5-19.5 SEER
- Variable stage compressor adjusts infinitely between 40-100% capacity
- Variable speed blower motor: best in class in energy efficiency
- WeatherArmor Ultra protection package

SOUND

- Sound levels as low as 58 dBA
- Enhanced 7-point SilencerSystem II:
Variable-speed condenser fan motor
Split post compressor grommets
Compressor sound blanket
Forward-swept condenser fan blade
Laminated mounting plate
Top with silencer airflow baffle

COMFORT

- Provides constant temperature in home, +/- ½ degree
- Runs low, slow and adjusts with precision to the heating & cooling demands of the home

CONTROLS

- Communicating Infinity energy management control
- Remote access
- 7-day programmable
- Touch-N-Go feature
- Best energy saving intelligence
- Calculates charge adjustment
- Enhanced service diagnostics
- 38 diagnostic check points

Best

Infinity Heat Pump Infinity Air Handler

Condenser M#25VNA8
Air Handler M#FE4ANF

PERFORMANCE

- 17-18 SEER
- Five stage compressor to maximize efficiency, performance & comfort
- Variable speed blower motor: best in class in energy efficiency
- WeatherArmor Ultra protection package
- Smaller than other equipment models

SOUND

- Sound levels as low as 55 dBA
- Enhanced 7-point SilencerSystem II:
Variable-speed condenser fan motor
Split post compressor grommets
Compressor sound blanket
Forward-swept condenser fan blade
Laminated mounting plate
Top with silencer airflow baffle

COMFORT

- Ideal Humidity System technology
- Variable speed ECM blower provides superior humidity and comfort control
- One control automatically adjusts both temperature and humidity

CONTROLS

- Communicating Infinity energy management control
- Remote access
- 7-day programmable
- Touch-N-Go feature
- Best energy saving intelligence
- 46 diagnostic check points

Better

Performance Heat Pump Performance 80 Air Handler

Condenser M#25HPB6
Air Handler M#FV4CN

PERFORMANCE

- 16 SEER
- Single stage compressor
- Variable speed blower motor: best in class in energy efficiency
- Baked-on, powder paint
- Premium case

SOUND

- Sound levels as low as 71 dBA
- Variable blower - quiet operation
- Fully insulated fan coil cabinet

COMFORT

- Variable speed ECM blower provides humidity and comfort control
- All-in-one control automatically adjusts temperature & humidity

CONTROLS

- Carrier Cor Thermostat
- Remote access
- Humidity sensing
- 7-day programmable
- Touch-N-Go feature
- Compatible with Cor Home Automation System

Good

Comfort Heat Pump Comfort Air Handler

Condenser M#25HBC5
Air Handler M#FX4DNF

PERFORMANCE

- 15-SEER
- Single stage compressor
- X13 High efficiency blower motor
- Baked-on, powder paint
- Dense coil grill

SOUND

- Condenser sound level as low as 71 dB

CONTROLS

- Honeywell 600 Thermostat
- Digital
- Programmable
